www.showcasemoulding.com

March 2011

We offer a wide variety of products including:

- Mirrored Wardrobe Doors
- Doors & Windows
- Columns
- Stair Systems
- Decorative Carvings
- Decorative Wall and Switch Plates
- Wood Vents
- Door Hardware
- Stains and Glues
- Cabinet Doors
- and Much More.

 **EL & EL Wood Products Corp.**

Showcase Mouldings capabilities include:

- Fireplace Mantels
- Columns
- Ceiling Medallions
- Corbels
- Onlays
- Decorative Carvings
- Stair Parts
- Cabinet Doors
- Doors
- Windows
- Exterior Louvers, Trim and

BUSINESS AND SHOWROOM HOURS

Monday - Friday 7:00 am to 5:00 pm

Saturday 8:00 am to 1:00 pm

Closed Sundays

Showcase Moulding was founded on the principle of providing the best customer service in the industry, along with the highest quality products.

With many years of experience in the lumber industry, Showcase Moulding employees will be able to assist you in all aspects of your moulding and decorative wood needs. We thank you for considering Showcase Moulding.

Showcase Moulding stocks a wide variety of mouldings in different patterns and species. We also stock specialty items such as corbels, medallions, corner blocks and plinth blocks. These items are not featured in this catalog due to the wide variety and large selection. Please stop by our showroom or call for the availability of these items.

Showcase Moulding works with numerous suppliers giving us the capability of supplying you with any special pattern you may have with short lead times on non-stock items. (Custom milling is available and requires a 50% deposit.)

Delivery is available. Please call for delivery availability and charge to your area.

Walk in and call in orders taken. All sales are C.O.D. All shipping orders are pre-paid only. All sales are taxable unless current resale information is on file.

All major credit cards are welcome. We also accept Debit cards.

Special orders require a 50% deposit and are non-returnable and non-cancelable. Suppliers may ship extra footage, customer is liable for extra footage.

All returns must be accompanied by an original sales receipt and must be returned within 30 days of purchase. Material must be in good saleable condition. All returns are subject to a restocking charge. No returns on special orders. No cash refunds.

ACTUAL SIZE AND SHAPE OF MOULDINGS MAY VARY DUE TO MILLING AND ARE SUBJECT TO CHANGE WITHOUT NOTICE

Lumber	51
Plywood	52
Blocks	53
Moulding Index Page	54

HOW TO ORDER CURVED MOULDINGS:

Use part number of desired pattern, the species and add an "F" for Valufflex.

I. Casings

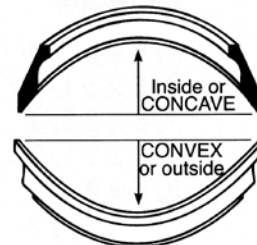

- Ovals**
1. A paper or cardboard template must be provided.
 2. Specify ISR (concave) or OSR (convex)
 3. We manufacture the FLEX so that the seams are in the middle as shown in the drawing. This allows for easier installation.

- On true half-circles, order by radius (equals 1/2 of diameter) or by diameter. Please state "Radius" or "Diameter" when ordering.
- When ordering arches, please state "span and rise" (ie: 21" span x 6" rise)
- Ellipses always require a template.

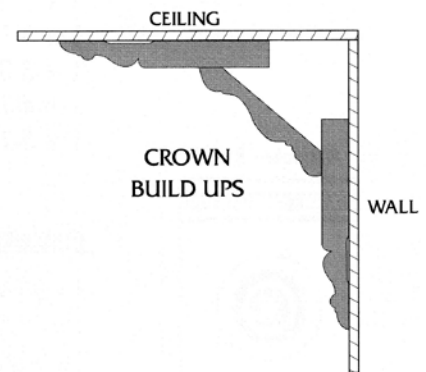

II. Crowns

- Does the wall curve inside (concave) or outside (convex)?
- Radius of wall - ISR (inside radius), OSR (outside radius).
- Length of moulding needed (add for waste) to cover entire area.
- How many pieces.

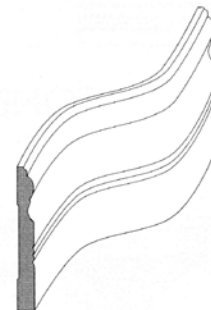

III. Crown Built Ups

- Order as ISR (Concave) or OSR (Convex) radius.
- Any moulding used on the wall: order as straight.
- Any moulding used on the ceiling: order as a radius.
 - On an OSR (outside radius), you must add the projection of the crown to the ceiling moulding radius. Example: If using the 330MUL on a ceiling with the 410MUL crown which has a projection of 4-1/2" and the wall is a 60" radius, 330MUL should be ordered as a 64-1/2" radius.
 - On an ISR (inside radius), you must subtract the projection of the crown from the radius, therefore a wall with a 60" radius less the 4-1/2" projection = 55-1/2" ISR for the 330MUL.

IV. Bases

- If Base is being used as Baseboard or as part of a Crown detail on a wall, the Flex Base does not need to be pre-cast to any radius. They are sold as straights and only total lineal footage is needed.
- If Baseboards are used as Casing the base must be ordered to the radius (like section I). If base is being used as part of a Crown detail where they lay flat on the ceiling (not on the wall), then information as indicated in section III C1 or C2 must be provided.

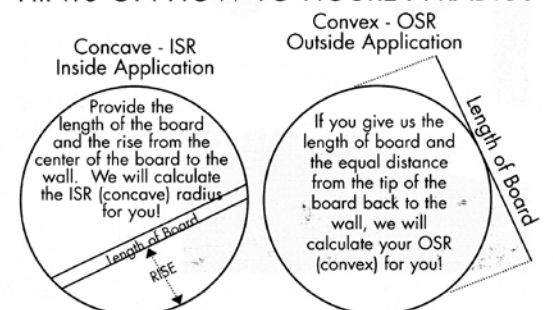

V. Panel Moulds or Lineal Moulds

- If used horizontally on curved walls, straight lengths will work.

VI. Backbands

- Radius on main casing that backband is to attach to.
- Type of curve (arch, ellipse, half-circle and information under Casings)
- Moulding part numbers, species, length, and count.

HINTS ON HOW TO FIGURE A RADIUS
